Editor's Column

By Larry Best

So, there I was, minding my own business as usual when, all of a sudden, like last month, I looked at the calendar and was shocked by the number of rides on the calendar. There were 5 rides on Sunday, October 1st. I've been I a SWCC member for around 20 years and I can't remember any date when there were that many rides on one day. So, take a look at the calendar, find a ride that

suits you, then saddle up and c'mon out for a ride with us. Unfortunately, I won't be riding. I think everyone knows by now that due to a disability I can no longer ride bicycles. I'm stuck on a trike, which at the moment, is out of commission. I'm hoping to have it ready by the end of October and definitely in time for the Chili Weiner ride.

Wednesday night rides still could use some ride leaders. The start time has changed to 5:30 P.M. because it's getting darker much earlier. Give LaDean Hutter a call if you are available to lead.

Club Meeting

By Steve Oz

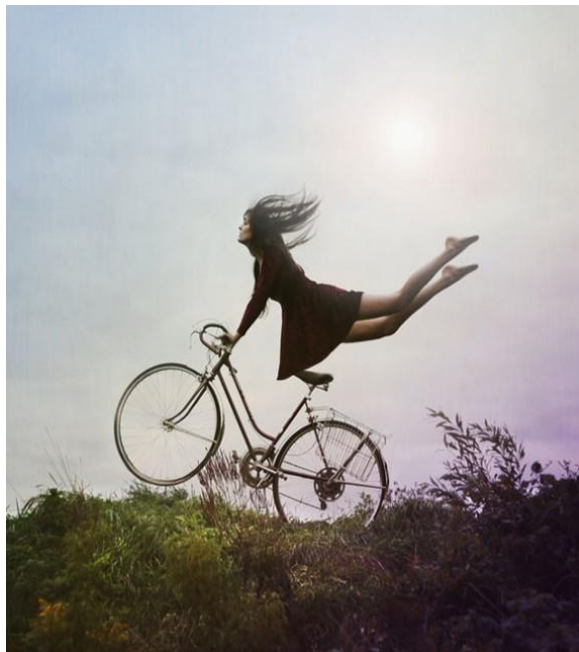

At the September club meeting, we learned all about "Cycling Schools". This non-profit group takes 4th, 5th and 6th grade kids from urban schools on educational bicycling adventures

through the Cuyahoga Valley National Park. The group is in need of volunteers to tag along with the young riders as “sweeps”. You would be there for a few hours and ride about 10 miles. Their fall schedule is online and it is easy to sign up. There are ride dates available October 3-13. After the kids ride, you can always stay and do your own longer towpath ride.

To get more information and sign up, go to their website www.cyclingschools.org

Yea!

Welcome to Jane Schaefer from Oberlin.

Last Call for New Jerseys!

By

Cheryl Burkhardt

No, no, no

Not the state! It’s the things that look like fancy shirts. That we wear when we’re riding.

I will be sending in the order for our bright orange and green Silver Wheel jerseys on Friday. All I need is an email to cburkhardt@roadrunner.com

[m](#) to reserve your jersey. We are ordering both short and long sleeve jerseys. We’re especially in need of 3 more long sleeve jersey orders to make the minimum order of 10. These would be great for spring and fall cycling and or course make wonderful Christmas presents! Please consider ordering one today. Thank you.

Sincerely,
Cheryl Burkhardt

PS Men usually order one size up from their regular t shirt size unless you like a very aerodynamic fit. Most women order 2 sizes up, or order the men’s jersey, especially if they are taller. I can help with sizing questions if you call or text at 440.258.5174.
